Footage of the Kenosha shooting that White teenager Kyle Rittenhouse was involved with was released by the group run by his lawyer for his defense. It shows, among other things, that he was attacked and fired upon by BLM/antifa before he fired back. It also shows one of the “protesters” with a handgun. In other words, this was not a case of a white supremacist terrorist neo-nazi fascist intentionally shooting unarmed peaceful anti-nazi protesters. It was a case of violent armed mobs looting and attacking people and a teenager perhaps naively showed up to help clean up the graffiti and got caught up in the gunfire.
